Eden Valley Enterprises
Bette Lou Higgins
1250 East River Street
Elyria, Ohio 44035

Dear Bette Lou,

I wanted to make you aware of how much the patrons enjoyed the Grandma Gatewood program. They found the program both informative and enjoyable. You and your staff were very professional and prompt with the presentation. We felt honored to be able to have the first showing at our facility. We have been following the progression of this incredible project. We hope in the future you will again visit to present the finished documentary on Emma Gatewood. I know the patrons would be thrilled.

Eden Valley Enterprises is always successful in bringing quality programs to our center. We have enjoyed the Storytelling programs, the musical programs, Letters in the Margin, and we are looking forward to the Canal songs you will be presenting next month at our facility. Your programs are always the highest quality and nicely suited for our particular audience.

We look forward to having you to our center again.

Best Wishes,

Jennifer Yoo
Program Planner
